CONNECTION® to the TEKS

Developmental Series™

Instructional Intervention to Supplement the General Curriculum

**Formative assessments – each covering an individual TEKS
Instructional lessons built around activities to develop, extend,
and enrich knowledge of each TEKS**

- ❖ Lessons to provide Tier I, II, and III instructional support
- ❖ Formative assessments to measure student mastery level of each TEKS
- ❖ Instructional practices aligned with the science of reading
- ❖ Instruction for whole class, small groups, and individual students
- ❖ Student-centered, engaging activities and enrichments to support project-based learning and differentiated instruction
- ❖ Adjustable content to meet varying levels of cognitive demand
- ❖ Enrichment activities to extend TEKS mastery and expand critical-thinking skills
- ❖ Curriculum facilitates peer interaction and communication, as well as a decrease in student behavior problems
- ❖ English and Spanish versions available

NAME: _____ HCA TEKS 2.3C

Read each question carefully. For a multiple-choice question, determine the best answer to the question from the four answer choices provided. For a graphic question, determine the best answer to the question. Then fill in the answer on your document.

1. Jerry knows it is important to have money in a savings account. Every time he gets his allowance, he puts half of it in savings. If Jerry has an emergency, he is more likely going to...

- borrow money from a friend.
- ask to cash more money.
- ask for change.
- ask for money buried in his backpack.

2. She has a savings account at the bank. The table shows how much she saves and how much she puts in her savings account. She knows if she starts saving now, when she is ready for college she will have enough to give her tuition.

Year	Mon	Tue	Wed	Thu	Fri	Sat	Sun
Jan	1	2	3	4	5	6	7
Feb	8	9	10	11	12	13	14
Mar	15	16	17	18	19	20	21
Apr	22	23	24	25	26	27	28
May	29	30	31				

The month she saves half of the money she earns is...

- Feb
- Mar
- Apr
- May

3. Sam lives in Mexico. She is saving money so she can have fun over the summer. She earns \$10 a week and saves \$5 a week for 3 months. Most of the following places will she be most likely to visit?

- a trip to Australia
- a trip to Disney World
- a trip to Disneyland Park (she is not a kid)
- a trip to Canada

4. Which is NOT true about a bank savings account?

- The bank tracks your money path.
- The bank puts the interest on your savings.
- The bank can give your money to someone else.
- The bank will let you get your money out any time you need it.

Which of the following choices will most help you plan for your future?

- saving money for college
- saving money for a new video game

5. You are going to buy for another a coat. The coat costs \$60, including tax. Every week, you get an allowance for completing chores around the house.

Chores	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Mop floor							
Sweep garage							
Give backpack							

If the ability saving her other allowance on the date marked on the calendar, and if she completes her other chores each week, how many weeks will she be able to afford the coat in time to give it to her mother for a birthday present?

- fourteen
- seventeen
- eighteen
- nineteen

Reporting Category 4: Data Analysis and Personal Financial Literacy
TEKS 3.3C

Use money to save and explain the benefits of a savings plan, including for college.

ACTIVITY
Path to Savings

mop floors
\$10
money card

sweep garage and barn
\$10
money card

gave backpack to student who could not afford to buy one
replacement cost: \$20
expense card

Teacher Editions (TE) are reproducible. Each individual teacher must have his or her own teacher edition. Reproduction of the teacher edition for any other use (including grade level, school, or school system) is strictly prohibited.

Student Editions (SE) are consumables - minimum order of 20. If smaller numbers are needed, please contact KAMICO.

STAAR CONNECTION™

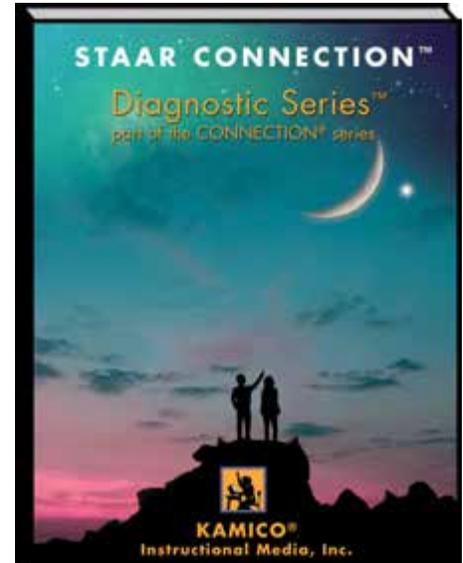

A POWERFUL, RESEARCH-BASED PROGRAM

Diagnostic Series™

STAAR-Formatted

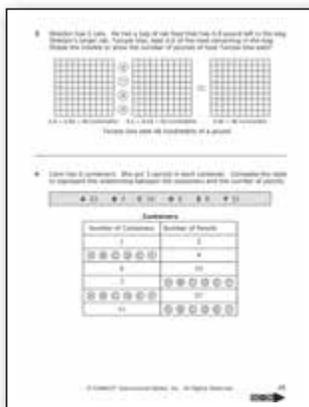

Each assessment covers a mixture of TEKS.

- ❖ 15 - 20 formative assessments per grade level and subject area
- ❖ Languages: English and Spanish
- ❖ All editions created to assess knowledge of current TEKS
- ❖ A mixture of Readiness and Supporting TEKS covered on each assessment
- ❖ Validated by scientifically based research
- ❖ Filled with rich, rigorous content, such as challenging grade-level reading selections, media literacy pieces, stimulating writing prompts, and real-world science and math problems
- ❖ Facilitates comprehension and increased retention
- ❖ Allows quick identification of TEKS for which students are in need of remediation
- ❖ Identifies mastery levels
- ❖ Maximizes student achievement
- ❖ Provides information needed to facilitate differentiated instruction
- ❖ Carefully created to ensure all content is on grade level

Game Gallery®

GAME-BASED LEARNING

TEKS-Based Board Games

Math, Reading, Writing, Science, and Social Studies Grades K – 12

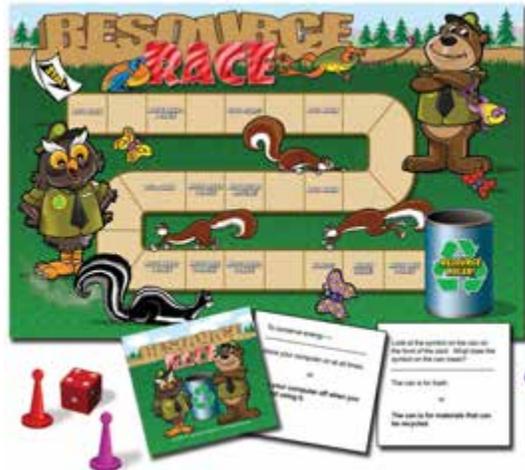

- ❖ Languages: English and Spanish
- ❖ Created for individual students, partners, small groups, teams, and entire classes
- ❖ Supports differentiated instruction, performance, and positive behavior
- ❖ Includes clear, concise directions
- ❖ Ready to play with all parts included—tokens, number cubes, rulers, etc.
- ❖ Colorful, engaging graphics to grab and hold student attention
- ❖ Enrichment activities incorporating critical thinking to extend and enhance reasoning
- ❖ Involves focused TEKS practice
- ❖ Promotes active learning as students collaborate, discuss, and explain their reasoning as they solve problems
- ❖ Validated by scientifically based research

Spy Kids
1(1)(B) Mathematical processes.
Use problem-solving models.

Geometry Genius
8(1)(A) Mathematical processes. Apply mathematics to problems arising in everyday life, society, and the workplace.

Resource Race
1(C) Conserve Natural Resources. Reuse or Recycle Paper, Plastic, and Metal.

Diagnostic Kindergarten Reading

Assessment 1 - Part A

Name _____ Date _____

Read this play as it is read to you. Then use the play to answer questions 1, 2, 3, 4, and 5.

Fred Finds a Way

Cast
Bill, a kid
Kate, a kid
Sol, a kid
Liz, a kid
Fred, a kid
Mrs. Cole, a teacher

Setting
The stage is set like a class-
room. There are desks. The
kids sit at each desk. They
have paint. They sit at
a desk. It is for the
big desk. The board has pictures on it.

Bill: I will paint a cat!

Kate: I will paint a house!

Mrs. Cole: Good, Bill. Good, Kate. That is a good plan.

(Bill and Kate start to paint.)

Sol: I will paint a man!

Liz: I will paint a cow!

Mrs. Cole: Good, Sol. Good, Liz. That is a good plan.

TEKS 4/8C

1 Which picture shows how Fred feels at the start of the play?

TEKS 1/2Avii

Assessment 1 - Part B

11 h ig
b og
f go

12 Look at the picture.

Which letters match the beginning sound of the word represented by the picture?

TEKS 2/Cii

8 Circle the lowercase letters.

y P z
B h
p X
G

TEKS 3/6C

5 Draw your favorite part of the play in the box below.

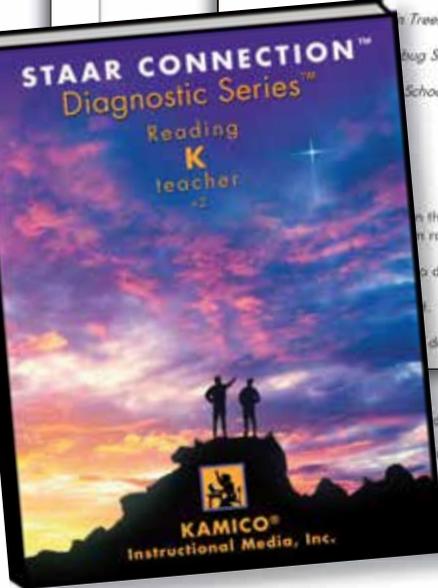

TEKS 4/8Di

9 Which book would you read to learn the facts about bugs?

Trees
Bug Sings a Song
School

TEKS 4/8F

TEKS 4/8C

Diagnostic Kindergarten Math

TEKS 8A Process Skill 1G

7 These are balls.

These are not balls.

Look at the pictures below. Which is a ball?

TEKS 2B Process Skill 1D

1 Look at the skydivers.

How is the number of skydivers read?

five
 fifteen

TEKS 9B Process Skill 1A

8 Sally has a birthday card with \$10.00 in it.

Lizbeth is painting a fence. Lizbeth is painting...

TEKS 8B Process Skill 1D

7 Look at the animals.

Animals	
pigs	
sheep	
donkeys	

TEKS 2D Process Skill 1A

1 Look at the books.

How many books are there?

4 books
 5 books
 6 books

TEKS 3B Process Skill 1E

2 Jess bakes .

Jess gives away.

Which shows how many Jess has now?

1. The PTO is having a bake sale. The profit will be used to buy playground equipment. Parents and students are baking goods. The PTO buys ingredients for \$15.99 including tax. They spend \$28.00 on poster ink and markers for advertising. In addition, they set up a coffee and tea server, which adds \$34.00 to their expenses. Each person who sells the bake sale donates his or her time. There are \$438.00 in sales at other expenses. Create an equation that can be used to find the profit from the bake sale.

438 - 34 - 372.00 - 15.99 = 19

2. Paper money is made of 75% cotton and 25% linen. Each American dollar bill, or any denomination of U.S. paper money, weighs approximately one gram. If you have a five-dollar bill and five one-dollar bills, total \$10, what would be their approximate combined weight in milligrams? Complete the diagram to help determine your answer.

gm gm gm

What is the combined weight in milligrams? Write your answer in the space below.

3. Connie has a female Akita, her Akita is a huge white dog named Artemis. Artemis stands 80 centimeters tall and weighs 48 kilograms. Artemis lives in the pasture and serves as a guardian of Connie's neighbor, Thomas, has a male Akita named Ares. Ares stands 85 centimeters tall and weighs 65 kilograms. How much taller in centimeters is Ares than Artemis, and how much more in grams does Ares weigh than Artemis? Select ONE correct answer in each box to complete the sentence.

Artemis: 80 cm tall, 48 kg wt
Ares: 85 cm tall, 65 kg wt

Ares is 5 cm 5 mm 50 mm 500 mm taller than Artemis, and Ares weighs 17 kg 17,000 g 170 g 1,700 g more than Artemis.

4. Sara is studying angles in school. She has studied the inside angle of each corner. Select ONE correct answer in each box to complete the sentence.

Sara tells her mom that she knows that: all obtuse all right all acute all straight angles

because it measures less than 90° but more than 0° it measures more than 90° but less than 180° it measures exactly 90° it measures more than 180°.

5. Draw's family wants to go on vacation. They have estimated the cost of their vacation to be \$1,200. They have saved \$500, and they are adding \$150 a month to their savings. In addition, they are holding a garage sale this weekend. The costs for the garage sale are shown.

Advertising \$12
Garage Sale Saturday 12:00-4:00
Coffee and Snacks \$25
BE CITY PERMIT \$5
Garage Sale at 1415 Midtown Saturday Only \$11.50

Complete the chart. Fill in the spaces with the correct answers.

Garage Sale Expenses	
Permit	\$12.00
Coffee and Snacks	\$11.50

Find the total of the garage sale expenses. Record your answer in the space provided.

Draw's family collects \$678 in sales. Fill in the space below to determine their profit from the garage sale.

The profit from the garage sale is \$_____.

6. Look at the input-output table. Complete the table. Select the correct answer for each box. Each answer may be used more than once. Not all will be used.

Numerical Expression	Output Value
$5 + 1$	3
$5 + 2$	15
$5 + 8$	21

7. Select the correct answer in each box to complete each sentence.

Two lines are parallel perpendicular both parallel and perpendicular if they are 2 sets of perpendicular sides 3 sides, two of which are perpendicular a triangle a quadrilateral.

8. Look at the Figures.

Figure A: Trapezoid
Figure B: Trapezoid
Figure C: Circle
Figure D: Triangle
Figure E: Square
Figure F: Rectangle
Figure G: Rectangle
Figure H: Arrowhead

In which two figures are both pairs of opposite sides parallel and all angles right angles? Select TWO correct answers.

A B C D E F G H

1. Maria sets apart a certain amount. She spends 1/3 of it on a book. She then spends 1/4 of the money she has left on a pencil. How much money did she have at first? Show your work.

2. Complete the stem-and-leaf plot to accurately represent the number of items sold at the concession stand. List all items and its sales.

Directions: Read each question carefully. Choose the best answer to each question. For open-response questions, determine the best answer to the question.

3. Simplifying and $1/2$ of her friends are ability to walk around hills. Starting a year ago on the way, Sammie records the miles that it takes to walk around the hills and around the park. She walks 42 miles and 33 miles. To try out the other side, Sammie walks 30 miles on the trail.

4. Which is a prime number, and 12 is a composite number?
 A. 12 is a prime number, and 12 is a composite number.
 B. 12 is a prime number, and 36 is a composite number.
 C. 12 is a prime number, and 12 is a prime number.
 D. 12 is a composite number, and 12 is a prime number.

5. When it comes to driving out of town, there are lots of options. The first step in choosing the best route for your car is to look at the map of the area to the right. The map shows the distance of routes in the city and outside the city. Sammie also has a list of the routes and the distance of each route.

6. Which is a prime number, and 12 is a composite number? Circle the correct answer for each item.

7. Which is a prime number, and 12 is a composite number? Circle the correct answer for each item.

Diagnostic Grade 5 Math

1. Analyze the data in the table below. The table shows a list of jobs that are required for the maintenance of the school, and the amount of time that it takes to complete each job. The table also shows the number of jobs that are completed each day.

Occupation	Education Required (years)	Median Annual Wage
Elementary school teacher	4	\$35,000
High school teacher	4	\$45,000
College professor	6	\$70,000
Registered nurse	4	\$55,000
Registered nurse (with certification)	4	\$65,000
Registered nurse (with certification and specialty)	4	\$85,000

2. The table on the left shows the education and earnings of the occupations in the table. Which occupation has the highest median annual wage? Circle the correct answer for each item on the table.

3. Which is a prime number, and 12 is a composite number? Circle the correct answer for each item.

4. Which is a prime number, and 12 is a composite number? Circle the correct answer for each item.

CONNECTION® to Literature

Item #	Title	ISBN	Price	Qty	Total
CLJGP5	James and the Giant Peach	978-1-62426-195-4	16.95		

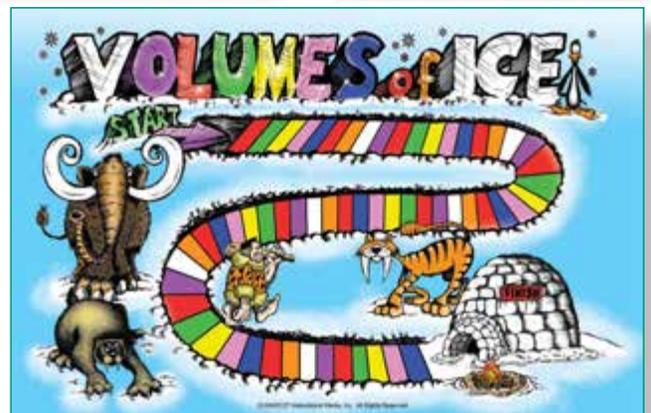

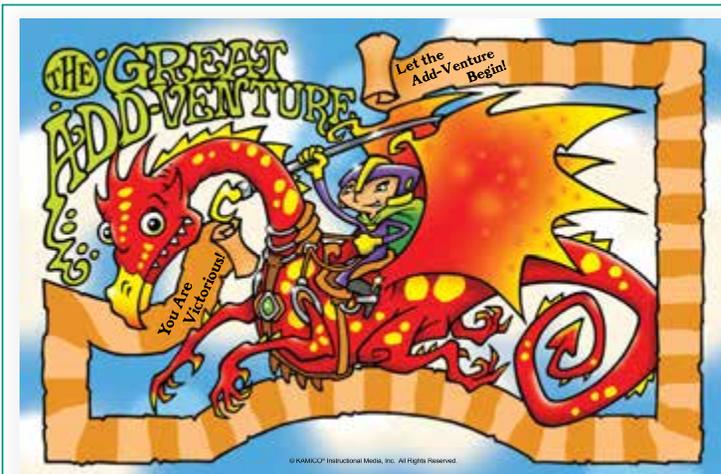

1. Which is a prime number, and 12 is a composite number? Circle the correct answer for each item.

2. Which is a prime number, and 12 is a composite number? Circle the correct answer for each item.

3. For a month, Lillian records the time (in minutes) it takes her to read a book. She records the time for each book she reads. She records the time for each book she reads. She records the time for each book she reads.

Time (in minutes)	Books Read	Pages Read
15	1	100
20	2	150
25	3	200
30	4	250
35	5	300
40	6	350
45	7	400
50	8	450
55	9	500
60	10	550

4. Use the table on the left to find the mean number of pages read per day. Round your answer to the nearest whole number.

Teacher Editions (TE) are reproducible. Each individual teacher must have his or her own teacher edition. Reproduction of the teacher edition for any other use (including grade level, school, or school system) is strictly prohibited.

Student Editions (SE) are consumables - minimum order of 20. If smaller numbers are needed, please contact KAMICO.
